Powering Croatia's Digital Future

Darko Pintarić · Peering Days 2025

Darko Pintarić · Peering Days 2025

Location

▷ Industrial zone Brezje, Varaždin

▷ Different seismic zone than Zagreb, Northern Gate

▷ Strategically located at the intersection of three redundant optical crossroads

▷ Ideal for EU, DR location for Zagreb

Specifications

▷ Services: restful migrations, 24x7 smart H&E

▷ Largest carrier-neutral data center in Croatia

▷ 6 DC rooms (104 racks each 800x1200)

▷ 4 MW power (on the ring)

▷ Energy efficient: pPUE ≤ 1.14, A+ certificate

▷ Advanced Industrial cyber security

▷ Zero-trust security policy (security by default!)

▷ Multi-level authorisation, 120+ CCTV, radar systems

▷ 24/7 on-site security personnel, and SOC and NOC monitoring

Certificates

▷ Uptime Tier III Design

▷ Uptime Tier III Facility

▷ ISO 27001, ISO 20000, ISO 22301, ISO 14001, ISO 9001, PCI DSS

Powered by

▷ Designed by VERTIV, built by Professionals, tested by Uptime – from engineers to engineers with love for peaceful nights
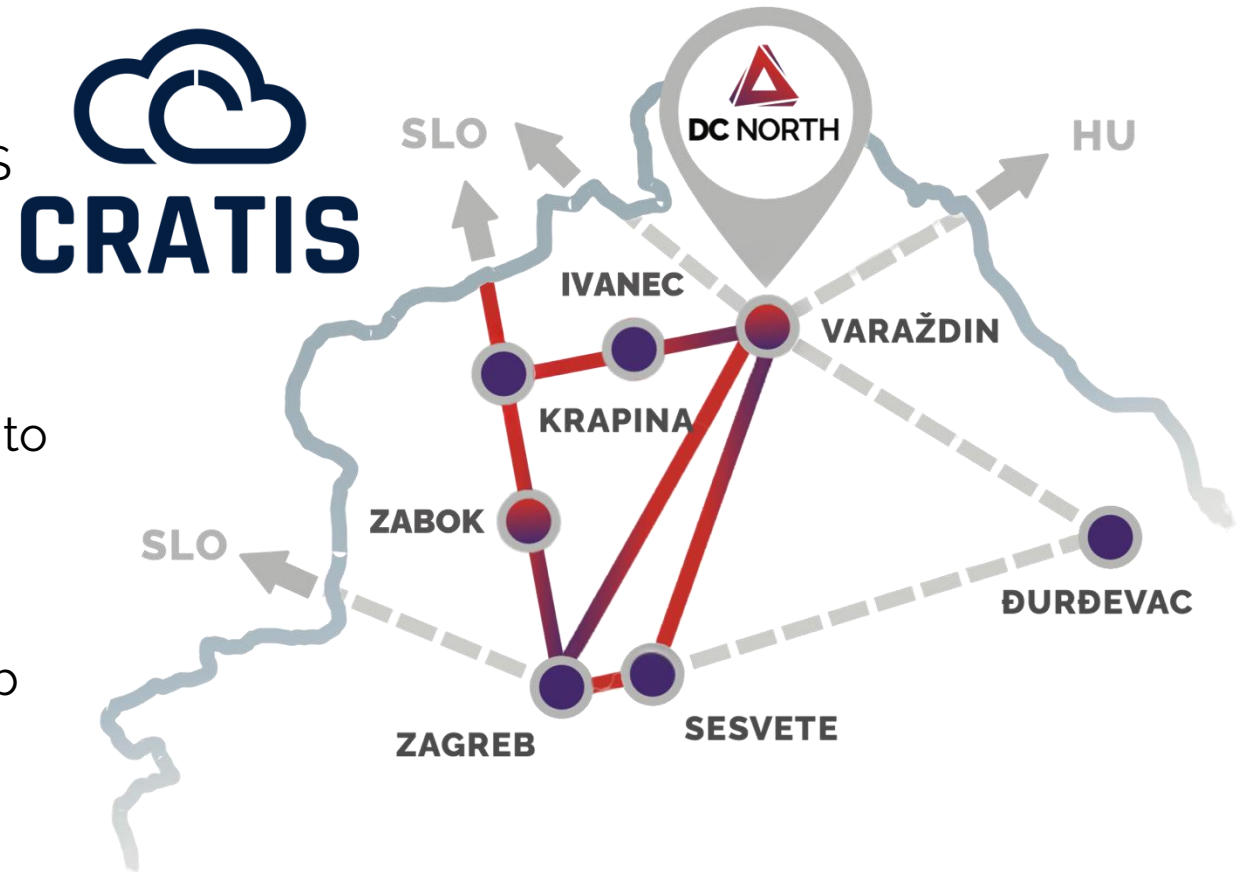

Connectivity Footprint

▷ RETN - a new Point of Presence (PoP) in Varaždin

▷ CIX – DC North is the third Croatian Internet eXchange site

▷ CRATIS x Noction BGP - Noction's Intelligent Routing Platform (IRP) offers a modernized, automated route optimization solution

Major Internet Exchange: Global and local NSP connected to Zagreb

▷ Terabit SDN Network

▷ 96 optical fibres (8x12) owned by CRATIS

▷ 100/400/800 G

▷ Protected DWDM ring

▷ 4 possible geo redundant optical routes to Zagreb

▷ Possible extension for new DC (30 MW+)

▷ Routes from Budapest/Vienna to Zagreb passing through Varaždin

▷ IRU 5/10/15
